1966 Austin Healey 3000 The Austin Healey 3000 has been one of the all time greats of the British sports car world. Fabled in motor sport, rallied and raced, the "Big" Healey is maybe even more desirable today. And they don't come much more desirable than this one. A 2 owner car from new in pretty much original condition. The latest keeper owned the car since 1976 and has used it and cared for it properly all those years. Finished in British Racing Green with black leather interior the car is a delight with a beautiful patina that cannot be replicated in restored cars. A car can only be original once. More importantly this car. Well known in motoring circles in the North of England carries a registration number unique to this car. That Number is 3000 AH. What better number could be more fitting for one of these Healeys? This car is good to go. Runs like a dream. If you are searching for a Big Healey, this car is the one to have, and at only £49995 (Number Plate included)...
